**Amendments to the Claims:**

This listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

Claims 1-20. (Cancelled).

Claim 21. (Currently Amended) A system for use in a vehicle comprising:  
an interface for providing a set of indicators for indicating a group of information sources outside the vehicle, the group of information sources being preselected to be associated with a location, each indicator being selectable to receive signals from the information source indicated by the indicator; and

a processor for determining whether the vehicle is within a predetermined distance from a second location, a second set of indicators indicating a second group of information sources being provided when it is determined that the vehicle is within the predetermined distance from the second location, the second group of information sources being preselected to be associated with the second location.

Claim 22. (Original) The system of claim 21 wherein at least one of the information sources includes a radio station.

Claim 23. (Original) The system of claim 21 wherein at least one of the information sources includes a television station.

Claim 24. (Original) The system of claim 21 wherein at least one of the indicators is selectable by voice command.

**Appln No. 09/838,491**  
**Amdt date March 21, 2006**  
**Reply to Office action of December 29, 2006**

Claim 25. (Original) The system of claim 21 wherein the interface includes a display.

Claim 26. (Original) The system of claim 25 wherein at least one of the indicators when selected is highlighted on the display.

Claim 27. (Original) The system of claim 21 wherein the processor determines whether the vehicle is within the predetermined distance from the second location by comparing a global positioning system (GPS) measurement identifying a current location of the vehicle with a second GPS measurement identifying the second location.

Claim 28. (Original) The system of claim 21 wherein at least one of the indicators includes an icon.

Claim 29. (Original) The system of claim 28 wherein the at least one indicator is selectable by pointing and clicking at the icon.

Claims 30-40. (Cancelled).

Claim 41. (Currently Amended) A method for use in a system in a vehicle comprising:

providing a set of indicators for indicating a group of information sources outside the vehicle, the group of information sources being preselected to be associated with a location, each indicator being selectable to receive signals from the information source indicated by the indicator;

determining whether the vehicle is within a predetermined distance from a second location; and

**Appln No. 09/838,491**  
**Amdt date March 21, 2006**  
**Reply to Office action of December 29, 2006**

providing a second set of indicators indicating a second group of information sources which is preselected to be associated with the second location when it is determined that the vehicle is within the predetermined distance from the second location.

Claim 42. (Original) The method of claim 41 wherein at least one of the information sources includes a radio station.

Claim 43. (Original) The method of claim 41 wherein at least one of the information sources includes a television station.

Claim 44. (Original) The method of claim 41 wherein at least one of the indicators is selectable by voice command.

Claim 45. (Original) The method of claim 41 wherein at least one of the indicators is provided on a display in the system and the at least one indicator when selected is highlighted on the display.

Claim 46. (Original) The method of claim 41 wherein a GPS measurement identifying a current location of the vehicle is compared with a second GPS measurement identifying the second location in determining whether the vehicle is within the predetermined distance from the second location.

Claim 47. (Original) The method of claim 41 wherein at least one of the indicators includes an icon.

Claim 48. (Original) The method of claim 47 wherein the at least one indicator is selectable by pointing and clicking at the icon.

**Appln No. 09/838,491**  
**Amdt date March 21, 2006**  
**Reply to Office action of December 29, 2006**

Claims 49-58. (Cancelled).

Claim 59. (Previously Presented) The system of claim 21 wherein at least one of the information sources includes a video source.

Claim 60. (Previously Presented) The system of claim 21 wherein at least one of the information sources includes an audio source.

Claim 61. (Previously Presented) The method of claim 41 wherein at least one of the information sources includes a video source.

Claim 62. (Previously Presented) The method of claim 41 wherein at least one of the information sources includes an audio source.
